

Rawan Talafha

Profile

I'm a self-motivated person, a person who works hard and pays attention to details. I'm flexible, quick to pick up new skills and eager to learn from others. Currently, I am working at the Jordanian House of Representatives as a researcher at the legislative and research center (LRC) directorate, titled as the correspondent for the European Center for Parliamentary Research and Documentation (ECPRD). I leverage my extensive background in IT and research experience to deliver comprehensive training in the dynamic field of artificial intelligence. With a deep understanding of technology coupled with a strong foundation in research methodologies, I am dedicated to equipping individuals with the knowledge and skills needed to excel in AI-driven environments.
